## WHAT DOES ACTIVEPIPE OFFER?

Our most basic solution will give agents access to the following:

- Drag and drop email editor

- Easy-to-use campaign builder

- CRM integration

- .CSV upload your prospects

- Property feed integration

- Geo tagging your prospects

- Incorporate videos into emails

- Incorporate blogs/articles into emails

- Campaign & property reporting

- Basic prospect insights

The more advanced solutions allow agents to:

- Automate emails to create dynamic drip campaigns, that generate leads and nurture them throughout the entire sales funnel.
- Gain access to Insights which lets agents drag and drop local market data into their emails, providing relevant content that engages prospects.
- Pre-built drip campaigns that give agents a head start and takes away the hassle of building your own.
- More detailed customer insights that provide actionable data based on a prospect's interactions.
